THE PROJECT

We were employed by Walter Thompson Ltd to carry out the Mechanical & Electrical services to a new hotel extension and new Spa facility at Ramside Hall.

The development consisted of 48 additional bedrooms, a spa wing with 25m pool, hydrotherapy pool, external pool, treatment rooms, sauna, steam room, aroma steam room, restaurant, hair salon, gymnasium and aerobics rooms and associated changing rooms and offices. Various low carbon technologies were utilised on the project.
