THE PROJECT

Leybourne Urwin were employed via Dutch leisure centre specialist Pellikaan Construction on a design and build basis to design and install the full mechanical and electrical services for the new Washington Leisure Centre.

The centre included a 25m pool, a learner pool, squash courts, sports hall, trampoline hall, gym, spinning rooms, sauna and associated changing villages, welfare and office areas.

Various differing elements of services were incorporated into the centre due to mixed use of the areas.
